VERSE 1

Em
I get ahead of myself sometimes,
Em C
Want the whole road mapped tonight.
G
I count up all the things I'm not,
G D
And forget the things I'm gettin' right.
D Em
But the carrots in a garden
Em C
Don't grow tall in just a day,
G
And I reckon I'm still growin' too,
G D
In my own slow, stubborn way.

PRE-CHORUS

Em

C G
So I'll quit countin' my mistakes,
G D
Quit wishin' I was more.
Em C G
I don't gotta have the answers
G Am B
To be worth the knockin' on a door.

CHORUS

B Em C
So I take little steps with a big heart,
G D
Even when the world feels too large.
D Em C
I might trip, I might stall, but I'll stand tall,
C G
'Cause every journey has to start
D Am
With little steps...
C Em
And a big, big heart.

VERSE 2

Em
I used to think bein' quiet
Em C
Meant I didn't have a song.
G
Used to shrink into the corners,
G D
Like I knew I didn't belong.
D Em
But a small voice still can carry,
Em C G
And a shy heart still can shine,
G
And the bunny that I'm turnin' into
G D
Is a friend I'm glad to find.

PRE-CHORUS

Em

C G
So I'll step out of the shadows,
G D
Quit apologizin' too.
Em

C G
I don't have to be the best one
Am B
Just be honest, just be true.

CHORUS

B Em C
So I take little steps with a big heart,
G D
Even when the world feels too large.
D Em C
I might trip, I might stall, but I'll stand tall,
C G
'Cause every journey has to start
D Am
With little steps...
C Em
And a big, big heart.

BRIDGE

C G
Theodore don't say much out here,
G D
Just rocks beneath the evenin' sky.
Em C
And maybe that's the lesson
G Am Bm
That you don't gotta know the why.
Em
Tomorrow I'll keep searchin',
C G
But tonight I'm gonna rest,
D Am
And trust that takin' little steps
B
Is how a heart grows best.

FINAL CHORUS

B Em C
Yeah, little steps with a big heart,
C G D
That's how a scared bunny gets brave.
D Em C
I might trip, I might stall, but I'll stand tall,
G D
One small step's still a step I made
D Am
With little steps...
C Em
And a big, big heart.
